

RMS Reference List

RMS developed in Singapore since 2012. Sold and installed over 150+ vessels around South East Asia and other part of the world.

No major claims since day 1. Great technical supports before and after sales. 24/7 email supports around the calendar. Always on continuous system enhancement in order to meet our customer new requirement.

Our system has been accepted and approved by the several oil major (as charterers) Example, *Shell* (Miri), *ExxonMobil* (Miri), *Petronas* (Malaysia), *Vietsovpetro* (Vietnam) and *Chevron* (Thailand)

Remarkable success include

- System trial for Shell (Miri) which results in >40% saving in their fuel cost within 6 months trial.
- Axsonic (Malaysia) have our system installed since early 2013. Their saving in fuel cost and vessel arrival time has been improved as ship speed and consumption are now closely monitored easily onshore(PC or Mobile App).
- Swire Pacific has installed over 18 vessels since 2012 which has been deployed around the world since then.
- Receive numerous letter of appreciation from customers and agents.
